EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Spinelli on January 30, 2006.

The application has been amended as follows:

IN THE CLAIMS

```
In claim 1, line 7, after "reader for" insert "," (comma);
line 7, before "driving" replace "the" with -a--;
line 23, delete "equal to or".
```

In claim 7, line 5, delete "as it is".

```
In claim 14, line 7, after "step of" insert "," (comma);
line 7, before "driving" replace "the" with -a--;
line 23, delete "equal to or".
```

In claim 16, line 7, before "driving" replace "the" with -a--; line 12, delete "read and"; line 21, delete "equal to or".

2. The following is an examiner's statement of reasons for allowance: Claim 1 recites an combination of elements that are not explicitly taught or fairly suggested in the prior art of record. Although an illumination control system including a memory and reader is admittedly known (note pages 2-5 of the specification), the prior art of record fails to disclose a comparator and a light level setting unit that sets the light regulation level according to the conditions as claimed. Since claims 14 and 16 comprise similar language in method form, they are allowable over the prior art of record for the same reasons. It is noted that the amendments made above were not related to patentability over the prior art but were for clarification purposes only.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.
